Entered as second-class matter September 30, 1904, at the Postoffice at Campbell, California, under the Act of Congress of March 3, 1879

WITH the past three or four years critical ones with the fruit growers, they are not in a position or mood to stand a heavy tax rate and our Supervisors will do well to avoid same if it is possible.

DID you ever think, as the hearse passes by, that it will not be long before you and I, may be riding out in that big plumed hack, and never remember coming back? You may scrimp and save and strive for gold, but remember, a dead man's dollar wont hold. So what's the use to scrimp and save when you must leave it all this side of the grave.—Ex.

Is not this a good time for our Supervisors and others interested in the question of how to raise money for replacing the loss to county buildings, etc., to consider the proposition of issuing long-term bonds for the purpose? These permanent cement bridges should be built under the same plan, for future generations have as much use of them as the present generation. As an act of the legislature is necessary to accomplish this it would seem the part of wisdom that a move in this direction should be made. Why not let the legislative committee of the local grange take up the matter? As an extra session of the legislature will no doubt be called in the next few days to draft laws and aid in relief work occasioned by the earthquake, now is the time to act.

Some Earthquake Incidents.

After the earthquake, before the extent of the disaster was realized, many amusing incidents were noted by those who were not too much frightened to observe.

The exceedingly unconventional attire of those who rushed from their houses was one source of hilarity. One gentleman, a former resident of Campbell, was so thoroughly impressed with the idea of being properly prepared for such emergencies that he has steadfastly refused to be separated from his trousers night or day.

—

In San Francisco immediately after the shake, a "tenderfoot" clad in pajamas, topped with an overcoat, with sockless feet in a pair of tan shoes, and a grip over his shoulder was seen walking straight for the ferry, looking neither to the right nor the left. The spectators were not too much frightened to laugh over this sight, but afterward some of

DESIGN AND DURABILITY — TRADE Standard MARK — UNSURPASSED

That All Important Bathroom.

You have often heard people remark, "If I were ever to build I would plan my bathroom first and would not put all my money into the parlor with all its finery."

That's good common sense sentiment, for the bathroom is the most important of all the household. It's the Mecca of cleanliness, health and refinement, and nowadays many homes are judged by their bathrooms.

We would like to help you plan your bathroom and believe that we could surprise you by putting in a bathroom for you at a much less cost than you might expect and at the same time do it better than you anticipated it could be done for even more money.

We have a booklet "Modern Home Plumbing" which will show you how to arrange your bathroom, kitchen and laundry plumbing with "Standard" Baths and one piece Lavatories, the best plumbing equipment in the world. Call, write or phone for a copy. It is free.

them decided that he was the most sensible man in the city. The man who told this incident also had time to remark to his wife in the midst of the shake, that he should certainly be seasick if it kept on much longer.

A young man who has a habit of taking things with exasperating coolness was sitting calmly on the edge of the bed when his sister flew in exclaiming "Oh, Harry! Harry! Harry!" "Well, I can't help it," he said; "I'm not doing it."

An Eastern lady who came to this State about a month ago to spend the summer, received a letter from her home this week inclosing an unopened letter dated "Campbell, Cal., Dec. 11, 1905," which had just reached the eastern postoffice (nearly five months after being mailed at Campbell) to which it had been addressed, with the following explanation penciled on the back. "Earthquake shook this letter out of its hiding place along with 2 others."—Postal employee.

Result of Relief Work.

The Ladies Aid Society of the Methodist Church have sent several boxes of clothing to the San Francisco Deaconess Training School, for distribution among the destitute coming under their observation. This week Mrs. Needham received the following letter relative to the gifts sent:

I thankfully acknowledge the two boxes received this morning. As Miss Cheney and I sorted the things we both concluded there wasn't a waste article sent. If you could see some boxes that come to us you would understand how thoroughly we appreciate a real clean, well packed box. I think our sincere thanks count so little for so much kindness, but we will hope and trust that our kind Father will richly bless and prosper you all.

The black suit will fit one of the young lady members of our church who is a hard working girl and who lost everything in the fire. She has the care of her old mother, 87 years of age, and I feel sure if you folks knew her, your decision would be the same as mine regarding it.

I think Mrs. Needham that your ladies have done their share and yet if you have men's clothing to send we can use any amount.

Thanking you very sincerely,
I remain,
ALRENA B. THOMAS,
Deaconess.

D. H. COATES, Postmaster

Orchard City Grange.

Orchard City Grange met in I. O. O. F. Hall May 8th with a good attendance of patrons.

Committee reported apricot crop light all over the State with the exception of Hanford; prune crop twice as large as last year; peaches good; cherries light. It is thought the thrips did more damage to the cherry trees this year than to any other variety of fruit trees.

Brother Cornell was elected trustee to serve the unexpired term of B. Campbell.

The literary program consisted of a song by Mrs. Luther, and a humorous reading by Mrs. Waite. Under "Good of the Order" Bro. Bohnett read a few original lines he had written for the anniversary entertainment and they proved good of the order.

It was the intention of Orchard City Grange to entertain its friends and members quite gaily on its third anniversary, April 27th, and much time and thought had been used to plan an enjoyable time, but owing to the sorrow, distress and desolation shared by so many at that time it was not carried out.

Brother Allen advised holding crops for good prices as they would surely be offered later.

One member, Mrs. Finnemore, was reported ill.

Pomona Grange will meet with Orchard City Grange in an all day's session May 22d, the afternoon session being an open meeting and J. Luther Bowers will explain his new process of packing prunes in their natural state. All who are interested in this subject should not miss this opportunity to hear Mr. Bowers. He will also show samples of prunes packed by his process.

W. W. Turney was here Wednesday on business.

PRESS NOTES

Chas. White has been on the sick list this week.

The Sunnyside Social Club met with the Misses Kennedy Thursday evening.

The W. C. T. U. will meet with Mrs. Rose Hanger Wednesday, May 16th, at 2:30.

The 7:10 a. m. broad gauge train to the city has been put on again. It arrives back at 6:50.

A party of Sunnyside young people tramped to some sylvan retreat May-day and had a delightful picnic.

Mr. and Mrs. L. D. Downing and Misses Shepard and Catton went by automobile to the city last Saturday.

Miss Fassett will speak both morning and evening Sunday, at the Methodist church. A cordial invitation extended to all.

Charles E. DeSelle has severed his connection with the Campbell Rochdale Co., and Prof. Rubell's son has taken his place.

A picnic is being arranged to be held at Congress Springs for the benefit of the Coffee Club. Notice of the date will be given later.

Mrs. Gerow and sons wish to thank the Masons, Odd Fellows, and friends of Campbell for kindness shown during their bereavement.

Joseph Renowden et al. to C. B. Miracle and J. G. Relfe—Lots 3 and 4 and S. ½ of N. W. ¼ of Sec. 2, T. 9 S., R 2 W., 160 acres, $10.—*The Realty*, Skyland.

F. O. Putnam has circulars out announcing his intention of retiring from the grocery and feeds business, devoting his attention to dry goods, stationery, confections, and bakery lines.

Constable Toomey of Santa Clara has appointed A. E. Howe his deputy at Campbell. While a local officer does not have very much to do, yet it is important that one be near when his services are needed.

Pride of the Valley Lodge, A. O. U. W., at their meeting last Monday night voted $50 for the relief of their brother members in San Francisco. As far a known but five members met death by the quake—Dr. DeCrow of San Jose being one of the number.

W. S. Shelly reports that there has been collected and deposited in the Bank of Campbell, the full amount necessary for the maintenance of the street lights for the ensuing year; that the business men and residents with very few exceptions contributed willingly and do not seem disposed to allow the town to relapse into darkness even though the proposition to incorporate did not carry.

Rev. B. B. Jacques, of the Baptist church, Santa Clara, will preach at the Coffee Club hall Sunday afternoon at 3 o'clock. There will be services there every 2nd and 4th Sunday, to which all are cordially invited.

A terrible railroad wreck took place at Edenvale Wednesday at about 7 a. m. Sunset Overland No. 9 from Los Angeles was derailed, smashing into kindling several of the head cars and demolishing the engine. One man was killed, and many injured. A "shoo-fly" track had to be built to allow other trains to pass.

C. W. Gerow died very suddenly Tuesday about midnight, of heart trouble. He had over exerted himself that day in taking a bicycle ride to Agnews and was taken sick on the way home. Dr. Cooper was called but he died as stated above. Fearing poison had caused his death Mrs. Gerow had B. E. Kell hold an inquest. An autopsy was performed and a clot of blood was found on the heart. The funeral was held on Thursday afternoon at 2 o'clock from the Congregational church, Rev. B. B. Jacques of Santa Clara an old friend of the family, conducting the services. Music was furnished by Mrs. Hartman, Mrs. Luther, J. F. Duncan and Dr. P. C. Hartman. Rev. and Mrs. Jacques also sang a duet. At the cemetery the services were under the care of the local lodge of Masons, Worshipful Master Jesse J. Cornell in charge. The Odd Fellows and Foresters also attended.

The Santa Cruz *Sentinel* gives the information that the H. Cowell Lime and Cement Co. has raised the price of lime from $1.50 to $2.50 a barrel.

This is the first instance since the big disaster in which even a corporation has shown an inclination to take advantage of the awful situation in order to increase its profits. No doubt there will be others, but the action of the Cowell Co. stands glaringly forth as the first bad example, and, we hope, the greatest example of self interest developed by the disaster. An immediate raise of 66⅔ per cent. in the price of so necessary an article as lime, almost before the demand can be estimated, is an action which tends to the breeding of anarchy; anarchy calls for martial law, and martial law deals summarily with those who try to take advantage of a time of widespread disaster in order to increase their worldly possessions.

Mr. Cowell states that he is compelled to make this new charge because of the necessity for purchasing in the East to meet increased demand.

On the other hand it is believed that Mr. Cowell's kilns can be so operated that they will keep all the plasterers and bricklayers in California doing their utmost for months to come.—*Pajaronian*.

FRUIT GROWERS' UNION.

The Annual Meeting Wednesday.—A Bright Prospect Ahead.

Wednesday morning the annual meeting of the Campbell Fruit Growers' Union was called to order by the president, Jos. H. Rucker. During the entire day's proceedings not a discordant note was uttered and harmony was the order of the day. This was a pleasing part of the day's business. While the past year had not been as profitable as the stockholders might have wished for, yet a good report was made and bright prospects for the future seemed assured.

From the printed report it was shown that the following kinds and amounts of fruits were dried last year, in pounds:

Apricots	1,218,252
Peaches	180,623
Prunes	780,597
Pears	131,192
Egg Plums	660
Silver Prunes	215
	2,311,539

TAKEN IN DRIED.

Apricots	8,502	pounds
Peaches	293	"
Prunes	59,893	"
	68,688	

Average shrinkage on prunes was 2.15; on apricots about 5.10; on peaches 5.82.

The morning session was used in receiving the reports and suggestions of the officers. At 12 all adjourned to Mrs. Sutter's restaurant, where a splendid dinner had been prepared for the occasion, and where the trials and tribulations of the growers were forgotten during the hour spent around the well-provided table.

On reassembling reports were received from various members, as to the probable fruit crop. A few are here given: Prof. A. B. Capp has a half crop of prunes; no cherries; enough apricots to feed the birds. Miss Orkney of Moorpark avenue has no 'cots, no cherries; prunes probably 3 tons to the acre. F. E. Duncan finds in his travels about half a crop of prunes; peaches good; he has no 'cots to speak of. S. R. Wade has spoken with many over the valley and thinks 3 to 4 tons per acre of prunes an average crop. The foothills seem to be more favored. Prof. C. E. Cox had 8 tons last year, probably 18 this year. J. H. Rucker finds crop light in some places, in others good, making an average crop. Those present agreed that there was not over a half of an average crop of prunes and an extremely small crop of 'cots, with cherries light, peaches very good.

The directors report that they have a proposition from the California Canneries Co. to act as the sole selling agent for the Union throughout its many agencies in this country and Europe. Under this plan the fruit would be packed here, but under that company's brand. The stockholders feel that this may prove of great benefit to our growers as the California Canneries Co. is a big concern and has gone into the market in competition with the "big four" packers. Of course this would guarantee a large amount of fall and winter work for our fruit workers—the thing that Campbell needs.

The president appointed Prof. A. B. Capp and Prof. C. E. Cox tellers, who after receiving the ballots announced the result of the vote for directors. The following were elected: S. R. Wade, J. H. Rucker, P. W. Keith, R. K. Thomas, F. E. Duncan.

The word "refugees," which is in everybody's mouth just now, suggests a reference to its origin. This is found to be closely connected with the flight of large numbers of French people from France after the revocation of the Edict of Nantes. Its origin is the French word se refugier, to flee to a place of safety.—Ex.

Not if as Rich as Rockefeller.

If you had all the wealth of Rockefeller, the Standard Oil Magnate, you could not buy a better medicine for bowel complaints than Chamberlain's Colic, Cholera and Diarrhoea Remedy. The most eminent physician can not prescribe a better preparation for colic and diarrhoea, both for children and adults. The uniform success of this remedy has shown it to be superior to all others. It never fails, and when reduced with water and sweetened, is pleasant to take. Every family should be supplied with it. Sold by Farmers Union, Agent.

It is Dangerous to Neglect a Cold.

How often do we hear it remarked: "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded. Chamberlain's Cough Remedy counteracts any tendency of a cold to result in pneumonia, and has gained its great popularity and extensive sale by its prompt cures of this most common ailment. It always cures and is pleasant to take. For sale by the Farmers Union, agent.

Sore Nipples.

A cure may be effected by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it off with a soft cloth before allowing the child to nurse. Many trained nurses use this salve with the best results. Price 25c per box. Sold by Farmers Union, Agent.

Heavy hauling cheaply done. Regular trips to San Jose. Call on L. J. Stratton or leave word at Farmers Union.

Sciatic Cured After Twenty Years Torture.

For more than twenty years Mr. J. B. Massey, of 3322 Clinton St., Minneapolis, Minn., was tortured by sciatic. The pain and suffering which he endured during this time is beyond comprehension. Nothing gave him any permanent relief until he used Chamberlain's Pain Balm. One application of that liniment relieved the pain and made sleep and rest possible, and less than one bottle has effected a permanent cure. If troubled with sciatic or rheumatism why not try a 25c bottle of Pain Balm and see for yourself how quickly it relieves the pain. For sale by Farmers Union, Agent.

Sunset Limited.

A high class, fast train with gentlemen's cafe, card tables, library, ladies' parlor, observation rotunda, dining car, drawing room cars, and personally conducted tourist excursions via scenic Sunset Route and quaint old New Orleans.
